

Community Development Program

Title: Distribution of blankets, clothes and educational material and guidance regarding health, hygiene and social issues in tribal village Raipur, Melghat

Goal of the practice- 1. To create awareness among the students regarding social issues prevailing in the remote tribal areas in Melghat

2. To makes the students aware of the needs of the tribal community

3. To help and guide the tribal community in all the possible ways

The process- The institution is always keen to fulfill it's the social responsibility. Keeping this in view a drive was run wherein the students collected old usable clothes form the staff and students. The staff contributed to buy blankets and educational material to be distributed among the tribal in Raipur in Melghat region. 10 December 2021 the staff along with NSS and NCC volunteers visited Z P School in Raipur. Educational material likes notebooks, pens, color pencils were distributed among the tribal students. The villagers were also invited for the program. Blankets and clothes were donated to the needy. The Principal of the college and the teachers guided them regarding importance of health, hygiene and education. The efforts were made to create awareness among them regarding Asocial issues such as superstitions, child marriage and illiteracy.

Impact of the practice. The students and the staff voluntarily came forward contribute to the drive. The students came to know about the pathetic social condition in the tribal society and developed a sense of social responsibility . 50 students and nearly 100 villagers were assisted.

Resources required- Blankets, clothes, educational material
